Watch for what matters

- List the decisions you'll make in the next 6 months
- Work back to the signals that would affect them
- Track 3–5 competitors closely, ~10 loosely

MarketCentaur

ONE AFTERNOON

Set up collection

- → Alerts for each competitor's name
- → Their blogs, newsrooms and newsletters
- → Page monitors on pricing, product and careers
- → A simple log: date, who, what, source

MarketCentaur

EVERY WEEK

Review in 30 minutes

01 Scan what came in and delete the noise

02 Write a "so what" for each item you keep

03 Send the top 3 moves to sales, product and leadership

MarketCentaur

USING AI

AI reads. People judge.

- → Let AI summarise, de-duplicate and sort
- → Keep a person on the "so what"
- → Check every claim against its source
