Where to start with AI

A 30-day plan for small businesses

Swipe →

MarketCentaur

WEEK 1

Find where the time goes

01 List each team's five biggest time sinks

02 Mark the repetitive, text-heavy ones

03 Estimate hours per week

04 Flag anything touching customers or money

MarketCentaur

WEEK 2

Pick one problem

- → Happens daily or weekly
- → Takes real hours today
- → A person reviews the output
- → Has an owner who wants it fixed

MarketCentaur

WEEK 2

Agree the ground rules

- → Approved tools and business accounts
- → What data never goes into AI tools
- → Who reviews output, and how
- → Who owns the rules

MarketCentaur

WEEK 3

Run a small pilot

- → 2–5 people for two weeks
- → Write down the baseline first
- → Use tools you already pay for
- → Shared prompts and a simple log

MarketCentaur

WEEK 4

Measure, then decide

- → Time saved, including review
- → Quality and rework
- → Anything that went wrong
- → Scale it, change it or stop it
